

MINISTRY UPDATE FROM DPM-SRI LANKA

June 2019

Dear Friends

Our DPM-India Directors, Elsie and Danny, have recently made a return teaching and ministry trip to Sri Lanka. Here's a few of the highlights we would love to share with you – Elsie writes:

Our time in Sri Lanka, this last February was definitely very different to the times before. We have begun to see an opening up to Derek's teaching amongst pastors like never before and the greatest joy was to see previous opposition amongst the leaders to DPM teaching changing to absolute acceptance and transformation. As a result, we had special feedback times after each conference and this resulted in some wonderful testimonies coming forth. So, I thought that rather than share a report of places reached and numbers attended, I would share just a few of the testimonies so that you would be blessed just as we were!

In Valachenai, a young Bible teacher stood up in one of the meetings and said, "Forgive me for saying this but I never liked Derek Prince. I only came because the Pastor who invited me promised me that we would receive books and I am a fanatic reader. I was seated right at the back of the auditorium but as the teaching progressed, I began to see with all clarity the truth that I had so desired to see and failed to see in many ministries. Now, I am so touched and changed by the teaching that I want you to bring this to my area, next time you come. There are many, many more pastors who need this teaching. We only preach about the cross for the repentance of sins. But you have preached to us the fullness of that salvation that we have received."

In Jaffna, over 120 pastors attended the meeting. Many in Sri Lanka have now become wary of conferences of Pastors because of the variety of foreign doctrines that have begun to invade the land recently. So, they came hugely due to the compulsion of Ps. Prince (our new team member in Sri Lanka) who is a reputed Pastor and now ordained Bishop. I taught on Authority using a combination of *Spiritual Warfare* and *The Power of Proclamation*. At the end of it many Pastors came forward to testify that their eyes had been opened to the reality of the Spiritual realm and the authority that they had in it.

At the meeting in the Lighthouse Church, Kandy, which was exclusively held for the pastors associated with the Light House Fellowship, one couple came forward and shared with us personally, how the teaching had opened their eyes to the ability of the believer to stand in partnership with God to be watchmen over the nation. They said the insight they had received would now help them to go

out and train other members of their church and community in this warfare for the nation of Sri Lanka.

We thank God for all He has done. Thank you all for praying and walking with us through your prayers on this trip through Sri Lanka. God Bless. *Elsie & Danny*
