

Neuro-Linguistic Programming (NLP)

Practitioner Certification 2022

What people have said about our NLP Practitioner training

“Doing the Practitioner training gave me the confidence and resources to manage my life and profession with so much more certainty and skill. Patricia and Richards’ style of training is profound, thorough, and paced expertly. We’re lucky to have their calibre of training here in Christchurch, NZ”. - Lisa Tui, self-employed tutor and songwriter.

“Lifetime Learning’s NLP practitioner training has been the greatest thing I have ever done to invest in myself. Since starting training my life has drastically changed for the better, I wake up smiling and ready to create my life because I now have the tools to do so. The training is fantastic, Richard and Patricia make every session enjoyable from start to finish, the classes are set out in ways that make it easy to learn and implement. If you’re looking to make change in your own life and in those around you, I highly recommend investing in this course.” – Gareth – self-employed, marketing and health and wellness.

What is NLP? Neuro-Linguistic Programming - Brain-changing technology for personal and professional use

NLP is a methodology and a series of techniques for achieving excellence in all areas of life. It is the brain and body-based study of how we see, think, learn, heal, and communicate. This is the full 18-day face-to-face training.

Richard Greenhough is an internationally trained and certified NLP Master Trainer, Hypnotherapy Trainer, HNLP Coach, mBRAIN Coach, Company Director, and an experienced trainer and educator. He has a Level 5 Diploma in Adult Education and Training.

“I am currently halfway through my NLP practitioner training with Patricia and Richard. This training has been a joyous life changer for me personally - I have had so many major shifts, insights and light bulb moments! I also can’t wait to begin helping people in a professional capacity! Thanks so much Patricia and Richard!” – Deb – early childhood music specialist and artist

Patricia Greenhough is an internationally trained and certified NLP Master Trainer, Hypnotherapy Trainer, HNLP Master Coach, mBRAIN Coach, Feldenkrais® teacher, Havening® Practitioner, and NZRN. She is trained in kinesiology, and many other disciplines.

Benefits of the Lifetime Learning course

- Earn a recognised and sought-after qualification
- Enjoy two skilled and complementary presenters
- Learn skills with immediate practical application
- Be in a friendly, relaxed, learning environment
- Have time to integrate the learning and to practise during and between the segments
- Be part of a small group so that we can give focussed attention and encouragement to each participant.

After this training, you will be able to

- Increase your flexibility and create positive change for yourself and others
- Understand the neuroscience behind how people learn, process, and change their experiences
- Establish and maintain relationships that work
- Use the many NLP processes that allow you to change your life, and facilitate others to make positive generative changes that enhance all areas of their life.
