Provisional Results from June 26th G90 event.

notes;

- teams on same score are ranked in order of finishing
- wrong answers have been subtracted from total, but only late penalties are shown above.
- all controls were there and in correct positions.
- for future events, the map area of the event is embargoed pre-event, you can't go into the area before the start
- for 'non-urban' rogaines, if you are going solo, you should have a back up light source.
