Course Details

Overview:

This is a one day course involving a combination of theory and practical application, providing the skills and knowledge of workplace and operational hazards involved with EWP use.

Purpose

The Health & Safety in Employment Act 1992 states that one aspect of ensuring that employees can carry out work safely is making sure that employees have adequate knowledge, experience and training. This course ensures your company is legislatively compliant, and your staff will have been made aware of the relevant Best Practices and guidelines related to EWP machinery operations.

To cover Unit standards as follows:

Set Unit Standards:

- * Unit 23966 Describe types of elevating work platforms (EWPS), and legislative requirements for their use. (Level 3, 2 credits)
- * Unit 23960 Assess the worksite, prepare and operate a scissor lift elevating work platform. (Level 3, 3 credits)
- * Unit 23962 Assess the worksite, prepare and operate a self-propelled boom lift elevating work platform. (Level 4, 5 credits)

Unit 23960 and/or 23962 can be replaced by:

- * Unit 23963 Assess the worksite, prepare and operate a trailer-mounted elevating work platform (Level 3, 4 Credits)
- * Unit 23964 Assess the worksite, prepare and operate a vertical lift elevating work platform (Level 3, 2 credits)

Course Outline:

Participants will gain theoretical knowledge and practical skills in:

- * Health and Safety Legislative Requirements
- * Types of Elevated Work Platforms (EWP's)
- * EWP Compliance Requirements
- * Hazard identification, risk assessment and controls
- * Fall arrest harness inspection, fitting and use
- * Conduct pre and post operational checks
- * Safe Operation of EWP
- * Emergency procedures, Rescue Plans
- * Theory & Practical assessments, observation and demonstration.

Why EWP Training is so essential:

- * If you're an employer it's your duty to ensure that your EWP Operators are adequately trained.
- * Giving your team professional elevated platform training is part of taking all practicable steps to ensure employees safety whilst working at heights.
- * Training increases confidence and gives awareness of possible hazards that would likely be missed prior to the training.
- * Most large companies are insisting on contractors having a recognised qualification.

Outcome:

Upon successful completion of the course your record of learning will be updated to include the NZQA Unit Standards attained through the course (if required) and you will receive a EWP Operator ID Card as proof of training & competency. Processing can take up to 30 days.
